listed document to be sufficiently pertinent to use in a rejection, or otherwise does not consider a document to be prior art for any reason, or even if the Examiner does not believe that the guidelines for citation have been fully complied with respect to a particular document. Applicant makes this request so that each document becomes cited on the face of a patent issuing on the present application.

Applicant submits the present Information Disclosure Statement is in compliance with 37 C.F.R. § 1.56, but by listing such documents Applicant is not admitting that such documents are necessarily relevant or prior art. Applicant intends no representation that the listed documents represent the results of a complete search and anticipates that the Examiner, in the normal course of examination, will make an independent search and will determine the best prior art consistent with 37 C.F.R. §§ 1.104(a) and 1.106(b) and, in the course of such search, will review for relevance every document listed on the attached form even if not initialed.

Applicant earnestly solicits early and favorable consideration.
